Forecast for Wednesday 18 Jan 2023

Weather: Scattered snow showers overnight, these merging into some longer outbreaks of snow during the morning. The snow showers becoming more scattered again in the afternoon with some brighter spells. Snow drifting and blowing in the strong to gale force winds with temporary blizzard conditions. Snow showers continuing in the evening.

Chance of cloud-free hill tops above 800m: 30% during the morning, rising to 60% in the afternoon.

Low cloud and visibility: Occasional or extensive cloud, bases 600 to 900m at times, particularly through the morning, lifting and breaking around the summits at times in the afternoon. Visibility poor or very poor in snow and cloud, otherwise very good.
